Tell us your community's greatest needs!

The Annual Action Plan process guides HCDD's allocation of Federal funds which provide the following services to low- to moderate-income Houstonians: affordable housing, single-family home repair, community development, neighborhood facility improvement, and programs serving youth, the homeless, persons living with AIDs, and people with special needs. We welcome your input to determine how these federal funds should be spent in your community. There are four ways to let your voice be heard:

- 1 Present your comments at a hearing. Attend either public hearing and add your name to the speaker's list.**
- 2 Send an email to: andrea.jones@houstontx.gov**
- 3 Online: download survey at houstonhousing.org. Mail completed survey to: HCDD, 601 Sawyer, 4th Floor, Houston, TX 77007 Attn: Andrea Jones, Public Hearing Coordinator**
